

Epson EB-U130

EPSON EB-U130

The Epson EB-U130 3D LCD projector has 3000 Ansi lumens, a contrast of 15000:1 and a WUXGA 1920 x 1200 resolution. The lamp has a service life of up to 10,000 hours, which is over 13.7 years if enjoyed for two hours a day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. An image width of up to 556 cm is possible as the projector has 3000 Ansi lumens. However, if there is room light, the image should be max. 371 cm wide. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. Playing 1080P and 3D is also no problem for the projector. The model was built by Epson in 2018 and is no longer current.
