Epson EB-X120

Brief Introduction Beta 2.5	The Epson model EB-X120 is an LCD projector with XGA 1024 x 768 resolution and a contrast of 10000:1. The manufacturer Epson specifies a lamp life of 5000 hours, which converts to over 6.8 years at 2 hours of use. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. 2700 Ansi lumens ensure that a picture width of 528 cm is also possible. However, if room light is available, the picture should be a maximum of 352 cm wide. Playing 1080P is also no problem for the projector. This model is no longer offered by Epson, but is still a very popular projector.
