Epson EB X21

EPSON EB X21

Brief Introduction Beta 2.5	With the EB X21, manufacturer Epson offers a standard portable LCD projector with resolution and a contrast of 10000:1. The manufacturer Epson specifies a lamp life of 5000 hours, which converts to over 6.8 years at 2 hours per day. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. 3000 Ansi lumens ensure that a picture width of 477 cm is also possible. However, if room light is available, the image should be a maximum of 318 cm wide. Playing 1080P is also no problem for the projector. The model was built by Epson in 2013 and is no longer current.
