

Epson EH TW2900

EPSON EH TW2900

A brief introduction to the EH TW2900: The Epson home cinema LCD projector offers 1600 Ansi lumens, a contrast of 18000:1 and HDTV 1920 x 1080 resolution. The lamp in the projector is specified with a lamp life of 4000 hours, which is over 5.5 years with a daily viewing time of 2 hours. Includes a lens shift and keystone correction function, which provides freedom during installation. The projector can illuminate an image width of up to 406 cm thanks to its 1600 Ansi lumens. In room lighting, however, the picture width should ideally be less than 271 cm. The model is also Full HD 1080P compatible. At just 28 decibels, the device is one of the quieter projectors. It was launched in 2009 and is no longer offered by the manufacturer Epson, but is still one of the most popular projectors.
