

# Epson EH TW5900

EPSON EH TW5900

The EH TW5900 3D LCD has 2000 Ansi-Lumen, a contrast of 20000:1 and a HDTV 1920 x 1080 resolution. The lamp life is specified by the manufacturer as 4000 hours, which converts to over 5.5 years at 2 hours of daily use. The integrated media player allows files to be played directly. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. The projector can illuminate a picture width of up to 454 cm thanks to its 2000 Ansi lumens. In room lighting, however, the picture width should ideally be less than 303 cm. It is also Full HD 1080P and 3D compatible. This model is no longer offered by Epson, but is still very popular in our projector database.

3 x 0,61" LCD TFT Panel mit MLA
