

Epson EH-TW7400

EPSON EH-TW7400

The EH-TW7400 3D LCD home cinema has 2400 Ansi lumens, a contrast of 200000:1 and HDTV 1920 x 1080 resolution. The lifespan is 3500 hours, which is over 4.8 years if enjoyed for two hours a day. The integrated lens shift gives you freedom when positioning the projector. The projector can illuminate an image width of up to 498 cm thanks to its 2400 Ansi lumens. In room lighting, however, the picture width should ideally be less than 332 cm. Furthermore, it is Full HD 1080P and 4K (compressed) as well as 3D compatible, meaning that all currently available Blu-ray formats can be recognized by the projector. With an operating noise of just 24 decibels, the model is already very quiet compared to others. The model built in 2018 is no longer offered by Epson, but is still very popular in our projector database.
