

Epson EMP 8150/NL

EPSON EMP 8150/NL

The Epson EMP 8150/NL LCD projector has 3200 Ansi lumens, a contrast of 400:1 and an XGA 1024 x 768 resolution. Includes a lens shift and keystone correction function, which provides freedom during installation. An image width of up to 493 cm is possible. However, the image should be smaller in room light. We recommend max. 329 cm. Even 1080P video signals are no problem for the projector. The model built in 2001 is no longer offered by Epson.
