

Epson USA PowerLite 470

EPSON USA POWERLITE 470

Brief Introduction

Beta 2.5

The short-throw PowerLite 470 LCD has 2600 Ansi lumens, a contrast of 3000:1 and an XGA 1024 x 768 resolution. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. Thanks to the short throw projection ratio of just 0.33:1, the projector is not distracting in the room. For a 2m wide image, the projector only needs to be 66 cm away from the screen. The model offers a microphone jack plug and 16W speakers, so no additional audio equipment is required for presentations or training courses. The model built in 2012 is no longer offered by Epson USA.
