

Epson USA PowerLite 85

EPSON USA POWERLITE 85

The standard portable PowerLite 85 LCD has 2600 Ansi lumens, a contrast of 2000:1 and an XGA 1024 x 768 resolution. The manufacturer, Epson USA, specifies a lamp life of 5000 hours, which is over 6.8 years with a daily viewing time of 2 hours. The projector is equipped with a microphone jack plug and 10W speakers, so no additional speakers are required for presentations or training courses. 2600 Ansi lumens ensure that a picture width of 444 cm is also possible. However, if room light is available, the picture should be a maximum of 296 cm wide. Furthermore, the projector can play 1080P without any problems. This model is no longer offered by Epson USA.
