

# Epson USA PowerLite 915W

EPSON USA POWERLITE 915W

The PowerLite 915W LCD projector from Epson USA has 3200 Ansi lumens, a contrast of 2000:1 and a WXGA 1280 x 800 resolution. The lamp life is specified by the manufacturer as 4000 hours, which converts to over 5.5 years at 2 hours per day. The projector also offers an integrated media player that can be used to play files directly. Horizontal and vertical keystone correction makes setting up the image childs play. The projector will be able to illuminate a picture width of 575 cm well. However, if room light is available, the picture width should ideally not exceed 383 cm. Playing 1080P is also no problem for the projector. On the market since 2011, the model is no longer offered by the manufacturer Epson USA.
