

Epson USA PowerLite D6150

Brief Introduction

Beta 2.5

A brief introduction to the Epson USA PowerLite D6150. The standard portable LCD projector has an XGA 1024 x 768 resolution and 3500 Ansi lumens. The manufacturer, Epson USA, specifies a lamp life of 5000 hours, which is over 6.8 years if enjoyed for two hours a day. The projector also offers an integrated media player that can be used to play files directly. The projector can illuminate images up to 515 cm wide thanks to its 3500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 343 cm. 1080P playback is also no problem for the projector. This model is no longer offered by Epson USA.
