

Epson USA PowerLite Pro Cinema 8350

EPSON USA POWERLITE PRO CINEMA

The PowerLite Pro Cinema 8350 LCD home cinema has 2000 Ansi lumens and an HDTV 1920 x 1080 resolution. The lamp in the projector is specified with a lamp life of 4000 hours, which converts to over 5.5 years at 2 hours per day. The built-in lens shift and keystone correction function provides freedom when setting up. Thanks to the brightness of 2000 Ansi lumens, a picture width of 454 cm is possible. In room light, the picture should be max. 303 cm wide. Even 1080P video signals are no problem for the projector. With only 28 decibels of operating noise, the model is already very quiet compared to others. On the market since 2010, the model is no longer offered by the manufacturer Epson USA.
