

Epson USA BrightLink 1480Fi

EPSON USA BRIGHTLINK 1480Fi

Top

The Epson USA BrightLink 1480Fi laser LCD projector has 5000 Ansi lumens, a contrast of 2500000:1 and a WXGA 1366 x 768 resolution. The manufacturer specifies a laser service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. An image width of up to 718 cm is possible as the projector has 5000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 479 cm. Playing 1080P is also no problem for the projector.
