

Epson USA Pro EX7260

EPSON USA PRO EX7260

The Epson USA model Pro EX7260 is an LCD projector with WXGA 1280 x 800 resolution and a contrast of 15000:1. The lamp life is specified by the manufacturer as 10000 hours, which is over 13.7 years if enjoyed for two hours a day. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. 3600 Ansi lumens ensure that a picture width of 610 cm is also possible. The projector manages rooms with residual light with a smaller image width, we recommend a maximum of 407 cm. Playing 1080P and 3D is also no problem for the projector. The model was built by Epson USA in 2017 and is no longer current.
