

Epson USA Pro L1070WNL

EPSON USA PRO L1070WNL

With the Pro L1070WNL, manufacturer Epson USA offers an LCD laser projector with WXGA 1280 x 800 resolution and a contrast of 2500000:1. The laser has a service life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. With the lens shift function, the projector can be positioned very freely. Thanks to the brightness of 7000 Ansi lumens, a picture width of 850 cm is possible. The projector can also handle slightly brighter rooms with a smaller image width (we recommend max. 567 cm). Even 1080P video signals are no problem for the projector, and it even has the option of projecting HD 1080P Blu-rays onto the ceiling thanks to 360° projection. On the market since 2020, the model is no longer offered by the manufacturer Epson USA.
