

VS220 SVGA, VS320 XGA 3LCD Projectors

VS320 XGA 3LCD Projector shown

Bright, Brilliant, Images for Your Business Needs.

3x Brighter Colors¹, and reliable performance — 3LCD, 3-chip technology

One measurement of brightness is not enough — look for both high color brightness and high white brightness. The VS220 and VS320 projectors have:

Color Brightness: 2700 lumens²

White Brightness: 2700 lumens²

HDMI digital connectivity — delivers both audio and video content with just one cable

Horizontal easy-slide image correction (VS320 only) — just move the easy-slide control bar to make the necessary horizontal image adjustments

VS220 SVGA, VS320 XGA 3LCD Projectors

Bright, Brilliant, Images for Your Business Needs.

The VS220 and VS320 deliver amazing high-definition performance for compelling, high-impact presentations. Set up in a flash with HDMI connectivity, USB Plug 'n Play instant setup, and automatic vertical image correction. When you need to captivate your audience and close the deal, these projectors give you the functionality and quality to make it happen.

3x Brighter Colors with Epson¹

Brilliant image quality requires high color brightness (color light output), and Epson 3LCD projectors have 3x Brighter Colors than leading competitive projectors¹.

One brightness measurement (lumens) is not enough. A projector's specification needs to show both high color brightness and high white brightness. If color brightness is lower than white brightness, images may be dark, dull and lose detail. If not provided, be sure to ask for a projector's color brightness specification.

High color brightness and high white brightness

COMPETITOR

Color brightness significantly lower than white brightness

Actual photograph of projected images from an identical signal source. Price, resolution and white brightness are similar for both projectors (Epson 3LCD and 1-chip DLP competitor). Both projectors are set to their brightest mode.

3LCD — The #1 projection technology in the world

- All 3LCD projectors have both high color brightness and high white brightness
- All 3LCD projectors have 3 chips
- 25% lower power consumption for lower energy costs³
- 20 years of road-tested reliability

Energy-efficient E-TORL[®] lamp, exclusively from Epson

- Delivers more lumens per watt and lasts up to 5000 hours⁴
- Minimizes both light diffraction and light leakage
- E-TORL lamps maximize your presentation time, while minimizing your costs

The best-selling projectors in the world

Built with image quality and reliability in mind, Epson[®] projectors enhance communication and inspire collaboration, while offering a low total cost of ownership. From ultraportable projectors designed for educational settings to boardroom-ready business projectors, Epson has a model that's perfect for you.

High-quality images with HDMI digital connectivity

- Delivers both audio and brilliant video content with just one cable
- Compatible with the latest laptops, Blu-ray® and media players

Horizontal easy-slide image correction (VS320 only)

Just move the easy-slide control bar to make the necessary image adjustments. Your projector can be off to the side, while your presentation is front and center.

Advanced USB Plug 'n Play instant setup from your PC or Mac®

Epson's advanced USB connectivity enables instant Plug 'n Play setup for both audio and video. Forget about complicated computer key sequences and non-intuitive controls. Instead, just plug in a standard USB cable and let your presentation impress the audience.

Quick, convenient control

These models include Instant Off®/On, so no warm up or cool-down time is required. And, the VS320 also features A/V Mute, which acts as both a lens cover and puts the projector in a low power mode.

Additional Features/Benefits

- **USB Plug 'n Play instant setup** — instantly projects audio and video from a PC or Mac via a USB connection
- **Automatic vertical image correction** — quickly adjusts the image to fit the screen
- **PC-free slide shows** — via a USB thumb drive
- **Quick, convenient control** — A/V Mute (VS320 only), Instant Off/On, Direct Power Off/On
- **The ultimate in portability** — compact, lightweight design; remote control included
- **Energy-efficient E-TORL lamp** — up to 5000-hour lamp life⁴
- **Filters to protect your investment** — with easy side access for hassle-free maintenance

ES1000 screen	V12H00254Y
Epson DC-10s document camera	ELPDC10S
Kensington security lock	ELPSL01

1 Compared to leading 1-chip DLP business and education projectors based on NPD data, July 2011 through June 2012. Color brightness (color light output) measured in accordance with IDMS 15.4. Color brightness will vary depending on usage conditions.

2 Color brightness (color light output) and white brightness (white light output) will vary depending on usage conditions. Color light output measured in accordance with IDMS 15.4; white light output measured in accordance with ISO 21118.

3 Data source: ProjectorCentral.com Jan. 2012. Average of 1122 shipping models for which the manufacturers provided lumens and total power data, all resolutions and brightness levels. Energy efficiency was measured as wattage per lumen. It was measured for both 3LCD and 1-chip projectors in each of five brightness segments. 3LCD projectors averaged less required electricity per lumen in each of the five segments.

4 Lamp life will vary depending upon mode selected, environmental conditions and usage. Lamp brightness decreases over time.
