

Eroshoo P330 Pro

EROSHOO P330 PRO

The Eroshoo P330 Pro LED LCD projector has 200 Ansi-Lumen, a contrast of 1500:1 and a HDTV 1920 x 1080 resolution. It is an LED projector with 30000 hours of light life, which is over 20.5 years with a daily viewing of 4 hours. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. The projector will be able to illuminate a 144 cm picture width well. If room lighting is available, however, the image width should ideally not exceed 96 cm. The rechargeable projector is not dependent on a direct power source and can therefore be set up very quickly, freely and spontaneously. The projector has Airplay and Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. Another extra is that the projector can be connected to external wireless speakers using the Bluetooth function. Furthermore, the projector can play 1080P and 4K (compressed) without any problems. At just 25 decibels, the device is one of the quieter projectors.
