

Favi J4-LED-PICO

FAVI J4-LED-PICO

Brief Introduction

Beta 2.5

The Game-Portabel Favi J4-LED-PICO DLP projector has 100 Ansi lumens, a contrast of 1000:1 and a WVGA 854 x 480 resolution. An image width of up to 102 cm is possible as the projector has 100 Ansi lumens. However, if room light is available, the picture should be max. 68 cm wide. Thanks to the built-in 3400 mAh up to 1.5h battery, no power supply is required, allowing the projector to be set up quickly and flexibly. Even 1080P video signals are no problem for the projector. This model is no longer offered by Favi.

1 x DLP Chip
WVGA 16/9 Ti Digital Light Processing Chip
