

FECLYDET P6

FECLYDET P6

The FECLYDET P6 is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 10000:1. The LEDs give the projector a light lifespan of up to 50000 hours, which would be over 34.2 years with a daily viewing time of 4 hours. A built-in horizontal and vertical keystone correction provides freedom when setting up the projector. The projector can illuminate up to 144 cm of image width well with its 200 ANSI lumens. In room light, however, the image width should ideally be under 96 cm. Since the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. In addition, thanks to the Bluetooth function, the projector can be flexibly connected to other speakers. Furthermore, the projector can play 1080P and 4K (compressed) without any problems. Compared to others, the projector is very quiet with an operating noise of 30 decibels.

Brief Introduction

Beta 2.5

Display Type

1 x LCD Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

200

89 Lux (bei 200 cm Screen)
