

# FEINODI Mini Beamer

EAN/UPC:B0H1HTJHJM

## Brief Introduction

Beta 2.5

The FEINODI Mini LED LCD Projector has 200 ANSI lumens, a contrast ratio of 10,000:1 and an HDTV resolution of 1280 x 720. The manufacturer, FEINODI, specifies a lifespan of 30,000 hours, which equates to over 20.5 years if used for four hours a day. It includes a built-in media player that allows files to be played directly. Thanks to the horizontal and vertical keystone correction, the projector can be positioned with great flexibility. With its 200 ANSI lumens, the projector can effectively illuminate an image width of up to 144 cm. However, in room lighting conditions, the image width should ideally be less than 96 cm. The model supports AirPlay, Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet or PC (Android, Windows and iOS). Another bonus worth mentioning is that the projector's Bluetooth function allows it to be connected to external wireless speakers. Even 1080p and 4K (compressed) video signals are no problem for the projector. At just 25 decibels, the device is one of the quieter projectors.
