

FunFlix A1

FUNFLIX A1

The FunFlix model A1 is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 25000:1. The manufacturer specifies an LED service life of 30000 hours, which converts to over 20.5 years at 4 hours per day. An image width of up to 269 cm is possible as the projector has 700 Ansi lumens. However, if room light is available, the picture should be a maximum of 179 cm wide. In addition, thanks to the Bluetooth function, the projector can be flexibly paired with other speakers. Playing 1080P and 4K (compressed) is also no problem for the projector.
