

Fuss FP-371C

F U S S F P - 3 7 1 C

Brief Introduction

Beta 2.5

A brief introduction to the Fuss FP-371C. The DLP LED projector has an HDTV 1920 x 1080 resolution and 216 Ansi lumens. The manufacturer specifies an LED service life of 30,000 hours, which is over 20.5 years if enjoyed for four hours a day. As this is a short-throw projector, it can be placed very close to the wall. For a 2 m wide picture, the projector only needs to be 40 cm away from the screen. As Fuss specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. The model is also Full HD 1080P compatible.
