

Gaimoo GM200

GAIMOO GM200

The Gaimoo GM200 portable LED LCD projector has 200 ANSI lumens, a contrast ratio of 2000:1, and HDTV 1280 x 720 resolution. Manufacturer Gaimoo specifies a service life of 30,000 hours, which would be over 20.5 years if viewed for 4 hours a day. The projector also offers an integrated media player that allows files to be played directly. Horizontal and vertical keystone correction provides flexibility when setting up. An image width of up to 144 cm is possible, as the projector has 200 ANSI lumens. However, if there is ambient light, the image should be no more than 96 cm wide. The model recognizes Airplay and Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). Another extra feature worth mentioning is that the projector can be connected to external wireless speakers via Bluetooth. The projector can also play 1080P without any problems. At only 25 decibels, the projector is very quiet in operation.
