

Gaimoo GM600 NTV

GAIMOO GM600 NTV

The Gaimoo GM600 NTV LED LCD projector has 320 ANSI lumens, a contrast ratio of 20,000:1 and an HDTV 1920 x 1080 resolution. Thanks to the LEDs, the projector has a light lifespan of up to 30,000 hours, which is the equivalent of over 20.5 years at 4 hours a day. The projector is equipped with an integrated media player, so playing files directly will not be a problem. A picture width of up to 182 cm is possible because the projector has 320 ANSI lumens. However, if room light is present, the picture should be no more than 121 cm wide. Since the projector recognises Airplay, Miracast Screen Mirroring signals, it is possible to play videos from a smartphone, tablet, PC (Android, Windows and iOS) with high resolution and surround sound via WLAN. In addition, thanks to the Bluetooth function, the projector can be flexibly connected to other speakers. Furthermore, it is Full HD 1080P and 4K (compressed) compatible. Compared to others, the projector is very quiet with an operating noise of 25 decibels.
