

GELEIPU X5

GELEIPU X5

With the X5, manufacturer GELEIPU offers a standard portable LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 2000:1. Due to the LEDs, the projector is specified with 30000 hours of light life, which is over 20.5 years with a daily viewing time of 4 hours. The integrated media player can play files directly. 227 cm picture width, the projector will be able to illuminate well. However, if room light is available, the picture width should ideally not exceed 151 cm. As the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. Playing 1080P and 4K (compressed) is also no problem for the projector.
