

# GooDee AC201

EAN/UPC:B0H1N175RZ

## Brief Introduction

Beta 2.5

The GooDee AC201 is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 10,000:1. It is an LED projector with a lamp life of 30,000 hours, which would equate to over 20.5 years based on 4 hours? daily use. Thanks to the ambient light sensor (Ambient Light Sensor), the projector can automatically optimise the projected image. As the projector features horizontal and vertical keystone correction, it can be positioned with plenty of space around it in the room. Thanks to its 300 ANSI lumens, the projector can effectively illuminate an image width of up to 556 cm. However, in well-lit rooms, the image width should ideally be less than 371 cm. The model supports AirPlay, Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet or PC (Android, Windows and iOS). Furthermore, the Bluetooth capability is a useful addition to the projector, particularly for wireless audio transmission. Playing 1080p content is also no problem for the projector.
