

# Hitachi CP A352WNM

H I T A C H I C P A 3 5 2 W N M

The Hitachi model CP A352WNM is an LCD projector with XGA 1024 x 768 resolution and a contrast of 4000:1. The integrated media player allows files to be played directly. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. Thanks to the short-throw projection ratio of just 0.3:1, the projector is not distracting in the room. For a 2m wide image, the projector only needs to be 60 cm away from the screen. As the CP A352WNM is equipped with a microphone jack plug and 16W speakers, no additional audio system is required for presentations or training courses. The model is also Full HD 1080P compatible. On the market since 2013, the model is no longer offered by the manufacturer Hitachi.
