Operating Noise

The Hitachi CP-EX303 LCD projector has 3300 Ansi lumens, a contrast of 20000:1 and an XGA 1024 x 768 resolution. The lamp life is specified by the manufacturer as 12500 hours, which converts to over 17.1 years at 2 hours per day. An image width of up to 500 cm is possible as the projector has 3300 Ansi lumens. However, if there is room light, the picture should be a maximum of 333 cm wide. Playing 1080P is also no problem for the projector. This model is no longer offered by Hitachi.
