

Hitachi CP X2511N

HITACHI CP X2511N

Brief Introduction

Beta 2.5

The standard portable Hitachi CP X2511N LCD projector has 2700 Ansi lumens, a contrast of 500:1 and an XGA 1024 x 768 resolution. Includes an integrated media player that can be used to play files directly. A picture width of up to 453 cm is possible. However, the picture should be smaller in room light. We recommend max. 302 cm. Even 1080P video signals are no problem for the projector. The projector was launched in 2010 and is no longer sold by the manufacturer.
