

Hitachi LP-WX3500

HITACHI LP-WX3500

Brief introduction to the Hitachi LP-WX3500. The DLP projector has a WXGA 1280 x 800 resolution and a contrast ratio of 20000:1. The integrated lens shift gives you freedom when setting up the projector. An image width of up to 601 cm is possible; if the image width is smaller (we recommend max. 401 cm), even rooms with residual light are no problem. With the HDMI MHL port, the smartphone image can be transferred to the projector in Full HD at 60 Hz using screen mirroring, while the smartphone is charged at the same time. On the market since 2016, this model is no longer offered by the manufacturer Hitachi.
