

HOMPOW C10

HOMPOW C10

With the C10, manufacturer HOMPOW offers an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 10000:1. The manufacturer HOMPOW specifies a service life of 10000 hours, which is over 6.8 years with a daily viewing time of 4 hours. The horizontal and vertical keystone correction allows the projector to be positioned very freely. 480 Ansi lumens ensure that a picture width of 223 cm is also possible. However, if room light is available, the image should be a maximum of 149 cm wide. The projector has Airplay and Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. Another extra is that the projector can be connected to external wireless speakers using the Bluetooth function. Playing 1080P is also no problem for the projector.
