

HongTianPao LED 33

HONGTIANPAO LED 33

Brief Introduction

Beta 2.5

With the LED 33, manufacturer HongTianPao offers an LCD projector with SVGA 800 x 600 resolution and a contrast of 1000:1. As HongTianPao specifies the brightness of the projector in lumens, we have calculated an approximate ansi lumen value in this case. An image width of up to 107 cm is possible. In room light, however, the image should be smaller. We recommend max. 71 cm. Playing 1080P is also no problem for the projector. The model was built by HongTianPao in 2011 and is no longer current.
