

HORLAT Beamer 25000 Lumen

HORLAT BEAMER 25000 LUMEN

The Micro-Portable Beamer 25000 Lumen LED LCD Projector from HORLAT has 600 ANSI lumens, a contrast ratio of 10000:1, and HDTV 1920 x 1080 resolution. Thanks to the LEDs, the projector has a light life of 30,000 hours, which is equivalent to over 20.5 years at 4 hours per day. Horizontal and vertical keystone correction ensures easy image setup. An image width of up to 249 cm is possible. However, the image should be smaller in room lighting. We recommend a maximum of 166 cm. Since the projector recognizes Airplay and Miracast screen mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. Another extra feature worth mentioning is that the projector can be connected to external wireless speakers via Bluetooth. The model is also Full HD 1080P and 4K (compressed) compatible, and even has the option of projecting HD 1080P and 4K (compressed) Blu-rays onto the ceiling thanks to its 360° projection. With an operating noise of only 28 decibels, the model is very quiet compared to others.
