

Htp DLP800W

H T P D L P 8 0 0 W

The Htp DLP800W micro-portable 3D LED DLP projector has 500 Ansi lumens, a contrast of 10000:1 and a WXGA 1280 x 800 resolution. Thanks to the LEDs, the projector has a light life of up to 30,000 hours, which is over 20.5 years if enjoyed for four hours a day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. An image width of up to 227 cm is possible as the projector has 500 Ansi lumens. However, if there is room light, the image should be a maximum of 151 cm wide. As the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. The model is also Full HD 1080P and 3D compatible.

1 x 0,4" DMD DLP Chip
WXGA 16/10 Ti Digital Light Processing Chip
