

HUIDUN PT10

HUIDUN PT10

The HUIDUN PT10 LED LCD projector has 330 ANSI lumens, a contrast ratio of 1500:1 and an HDTV resolution of 1920 x 1080. Thanks to its LEDs, the projector has a lamp life of up to 30,000 hours, which would equate to over 20.5 years based on four hours? daily use. Horizontal and vertical keystone correction ensures effortless image setup. An image width of up to 185 cm is possible, as the projector has 330 ANSI lumens. However, if there is ambient light in the room, the image should be no more than 123 cm wide. As the projector recognises AirPlay, Miracast and screen mirroring signals, it is possible to stream high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, PC (Android, Windows and iOS) via Wi-Fi. In addition, the Bluetooth capability is a useful feature of the projector, particularly for wireless audio transmission. Furthermore, the projector can play 1080p content without any issues.
