A cost-effective solution that doesn't sacrifice quality

IBM

IBM E400 projector

NEW!

The IBM E400 projector includes a carrying case and remote control with integrated laser pointer.

Highlights

- ■ *Small size and weight eases travel from the office to home or elsewhere*

- ■ *Good image quality and value-added features provide professional presentation capabilities with entry-level affordability*

- ■ *Auto-sensing technology lets you plug-in and project from your IBM ThinkPad notebook, enabling you to start presentations with minimal delay*

Travel light to the office, home and on the road

Boasting one of the lowest weights among entry-level projectors, the IBM E400 projector is easy to carry between home and office. Take advantage of professional image reproduction as well as built-in HDTV compatibility (requires HDTV source).

Leverage good image quality and professional features—in an affordable package

The IBM E400 projector gives you affordable options for projecting a professional image. The IBM E400 projector provides high quality images and brightness through Digital Light Processing (DLP) technology.

Plug in and project from your ThinkPad notebook

Get the convenience you require for on-the-go media needs with auto-sensing technology. The IBM E400 projector automatically senses the video signal on your IBM ThinkPad® notebook, so you can just plug in and project with minimal delay.

Rest easy with one of the industry's most competitive warranties

Rest easy with a 3-year limited warranty[1] on your projector from IBM as well as a 3-month limited warranty on the lamp. You'll also enjoy access to IBM worldwide[2] service and support. Our long lamp life and industry-leading warranty and service combine to deliver exceptional total cost of ownership. With other projectors, you could pay extra to get the service and support that come standard with IBM. For example, if an E400 projector under warranty needs a warranty-related repair, a replacement projector can be shipped to you quickly and easily. Get the peace of mind to keep your focus on your presentation—not on your projector.

For important warranty information, see page 2.
