Your image is priceless

The InFocus[®] LP[™]335 is today's hottest projector. For road warriors who demand the best, it's the essential weapon in your arsenal of business tools. The LP335 is exactly what you'd expect from InFocus — unquestionable reliability in the sleekest and most-portable machine. And now, its award-winning design boasts even better brightness, connectivity and video quality. This projector is the travel companion you'll insist on.

Take charge

The InFocus LP335 gives you an unbeatable advantage when you're presenting on the road. It's so reliable and easy to use, you'll dominate in that must-win meeting—just plug it into your laptop and amaze everyone. When you take your InFocus LP335 out of your briefcase, you're ready to wow your audience with a smooth, impressive show—the kind that boosts your image and delivers your message with style. No hassles, no headaches, no compatibility glitches. With the LP335 you get the brilliant clarity, rich colors and crisp text only from InFocus, the world leader in data/video projection.

Improving upon perfection

The InFocus LP335 sets the benchmark for ultra-portable projectors. It delivers refinements in brightness, connectivity and video quality that take ultra-portable projector excellence to the next level. It boosts brightness to an outstanding 1,000 lumens, so you can present effectively in any environment. With a projector this good, every setting is your stage for success from the moment you walk in. The LP335 also features a DVI connector for easy, built-in digital/analog connectivity. Use the LP335 with the analog laptop you rely on today and the digital laptop upgrade you're setting your sights on for tomorrow. And, the LP335 offers flawless video, so you can switch seamlessly from Internet websites to training videos at the touch of a button. As always, you'll captivate your audience with the outstanding picture clarity of true XGA resolution and crisp, high-contrast text. Plus, you get the added benefit of HDTV compatibility, giving you the future of excellent image quality today.

InFocus[®]
Project yourself.[™]

LPTM335

Award-Winning Style

The InFocus LP335 packs tremendous ease-of-use in a compact, award-winning design. Auto-sensing electronics instantly identify your computer's video signal and automatically set up your picture. A manual zoom lens and one-touch elevator foot give you perfect image placement and focus. And, our Executive Plus Remote lets you interact with your audience while you run your presentation from anywhere in the room. These are just some of the features that have earned the InFocus LP335 design accolades—including top awards from *Wired* and *PC Computing* magazines.

Service You Can Count On

Because we believe top performance is backed with top service, InFocus is the only projector manufacturer to offer you technical support 7 days a week, 24 hours a day – we work whenever you work!

Now you can take your show on the road with confidence, knowing your notebook projector will perform as flawlessly as the rest of your business tools. Turn it on, and show the world what you can do. **Call InFocus or your dealer today to arrange a demonstration.**
