The InFocus model IN126x is a DLP projector with WXGA 1280 x 800 resolution and a contrast of 15000:1. The projector can illuminate images up to 643 cm wide thanks to its 4000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 429 cm. Playing 1080P and 3D is also no problem for the projector. The projector was launched in 2016 and is no longer sold by the manufacturer.
