

InFocus IN116

INFOCUS IN116

The InFocus model IN116 is a DLP projector with WXGA 1280 x 800 resolution and a contrast of 3000:1. The manufacturer InFocus specifies a lamp life of 5000 hours, which is equivalent to over 6.8 years at 2 hours per day. A picture width of up to 528 cm is possible. However, the picture should be smaller in room light. We recommend max. 352 cm. Furthermore, the projector can play 1080P without any problems. The operating noise of only 30 decibels makes the projection quiet.
