INFOCUS IN116XA

The InFocus model IN116xa is a DLP projector with WXGA 1280 x 800 resolution and a contrast of 18000:1. The lamp of the projector is specified with a lamp life of 5000 hours, which is over 6.8 years if enjoyed for two hours a day. 3500 Ansi lumens ensure that a picture width of 601 cm is also possible. The projector manages rooms with residual light with a smaller image width, we recommend a maximum of 401 cm. Playing 1080P and 3D is also no problem for the projector. The model built in 2017 is no longer offered by InFocus.
