

InFocus IN2136

IN FOCUS IN 2 1 3 6

The IN2136 3D DLP has 4500 Ansi lumens, a contrast of 28500:1 and a WXGA 1280 x 800 resolution. Manufacturer InFocus specifies the lamp life as 15000 hours, which converts to over 20.5 years at 2 hours per day. The projector can illuminate a screen width of up to 682 cm thanks to its 4500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 455 cm. The projector can also play 1080P and 3D without any problems. With only 21 decibels of operating noise, the model is already very quiet compared to others.
