

InFocus IN3148HD

INFOCUS IN3148HD

A brief introduction to the IN3148HD: The InFocus 3D DLP projector offers 5000 Ansi lumens, a contrast of 11000:1 and HDTV 1920 x 1080 resolution. Due to the lamp, the projector is specified with 3500 hours of lamp life, which is over 4.8 years if enjoyed for two hours every day. An image width of up to 718 cm is possible as the projector has 5000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 479 cm. Playing 1080P and 3D is also no problem for the projector. On the market since 2018, the model is no longer offered by the manufacturer InFocus.
