

# InFocus INL146UST

INFOCUS INL146UST

A brief introduction to the INL146UST: The InFocus 3D laser DLP projector offers 4000 Ansi lumens, a contrast of 100000:1 and a WXGA 1280 x 800 resolution. The manufacturer InFocus specifies a service life of 30000 hours, which is over 20.5 years with a daily viewing time of 4 hours. The projector also offers an integrated media player that can be used to play files directly. Horizontal and vertical keystone correction makes image adjustment childs play. Thanks to the short-throw projection ratio of just 0.27:1, the projector is not distracting in the room. For a 2m wide image, the projector only needs to be 54 cm away from the screen. Playing 1080P and 3D is also no problem for the projector. It was launched in 2019 and is no longer offered by the manufacturer InFocus.

## Brief Introduction Beta 2.5

### Display Type

1 x 0,55" DLP Chip  
WXGA 16/10 Ti Digital Light Processing Chip

### Ansi-Lumen

Projector

4000 / 3200 im Eco Mode

Screen

1600 Lux (bei 200 cm Screen)

### Contrast
