Work Big IN12

InFocus

Work Big IN12

InFocus

Employ your secret weapon.

The tight-fitting hinged lens shield will keep the lens scratch free, no matter how turbulent your flight.

The battlefield of business travel is your domain and you're prepared for any scenario. With your all-new InFocus Work Big IN12 slim projector, ultralight laptop and Bluetooth-enabled everything there's no problem you can't solve, no foe you can't vanquish. Your latest cutting-edge devices will all connect, so you can go from showing off your latest business plans, to high-resolution renderings (and photos) in a matter of seconds, all in glorious detail and massive size. Smaller than your laptop, the IN12 projector will amaze you with its portability as you fall in love with its performance.

Zoom-in on the details.

Slip the IN12 into your favorite briefcase next to your laptop – it's that slim! Engineered with an extraordinarily adjustable 1.4x zoom lens, the IN12 will create the perfect image at any size from 15-300 inches! This remarkable flexibility allows each user to go from the smallest of meeting rooms to larger venues with ease. The onboard 0.55" DLP® chipset gives this ultra-mobile projector stealth and power, outputting of 2000 lumens with an impressive 1800:1 contrast ratio. Also, DLP is a filter-free system, so there's nothing to clean or replace; InFocus has taken the worry out of presentations on the road.

Compliments all around.

Run every meeting your way in superb quality thanks to the XGA-native resolution of the IN12. Gone are the days of "downscaled resolution" as this new InFocus mobile projector keeps up with anything your laptop and mobile device display. Featuring a composite video input, along with a VGA port, you can go from data to video sources in a matter of seconds, all in high-resolution.

Breathtaking design.

Every time you take the IN12 out of your briefcase you'll amaze yourself and your clients. The sleek design is revolutionary while the performance is unbeatable. Utilizing a dual-chamber cooling system every image will be clear and free of distortion while the quiet-running high pressure fan will allow pictures to speak for themselves.

Breaking barriers.

The InFocus Work Big IN12 is on the knife-edge of performance and portability, providing users with both the beauty and brawn to get the job done brilliantly.

Marvelous inside & out

- 2000 lumens will illuminate your presentations in any room, no matter how well-lit.
- Internal motorized micro-adjustustable zoom and focus allow for the finest image alignment.
- D-Sub-15 VGA interface and composite video inputs make for easy connectivity.
- DLP® XGA display chipset provides brilliant, reliable images.
- Full-featured remote control with unique DLP-based pointer system, motorized zoom and focus adjustments.

An ultra-slim 1.69” profile is an industry-first for portability, especially in your briefcase.

Enduring Quality

If you're happy, InFocus is happy. That's why every InFocus projector comes with a standard limited factory warranty (including parts and labor) and a limited lamp-replacement warranty. Extended product & lamp warranty programs are also available.
