

iSinbox A40

iSINBOX A40

The micro-portable iSinbox A40 LED LCD projector has 500 Ansi lumens, a contrast of 10000:1 and an HDTV 1280 x 720 resolution. Thanks to the LEDs, the projector has a light life of up to 30,000 hours, which would be the equivalent of over 20.5 years at 4 hours a day. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. Thanks to the brightness of 500 Ansi lumens, a picture width of 227 cm is possible. In room light, the picture should be a maximum of 151 cm wide. The projector has Airplay and Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via WLAN. Another extra is that the Bluetooth function allows the projector to be connected to external wireless speakers. It is also Full HD 1080P and 4K (compressed) compatible.

Brief Introduction
