

iSinbox YG381

ISINBOX YG381

The YG381 LED LCD projector from iSinbox has 700 ANSI lumens, a contrast ratio of 20,000:1 and an HDTV 1920 x 1080 resolution. Thanks to the LEDs, the projector is specified with a 30,000-hour light lifespan, which would be over 20.5 years with 4 hours of viewing per day. A picture width of up to 269 cm is possible. However, the picture should be smaller in room light. We recommend max. 179 cm. Since the projector recognizes DLNA, Airplay, Miracast Screen Mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Another extra feature is the Bluetooth function, which allows the projector to be connected to external wireless speakers. Furthermore, the projector can play 1080P without any problems.
