

JAVES NRT 250A

Brief Introduction

Beta 2.5

The NRT 250A LCD projector from JAVES has 435 Ansi lumens and a 320 x 240 resolution. The integrated media player allows files to be played directly. As JAVES specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. The projector can illuminate a picture width of up to 182 cm well with its 435 Ansi lumens. In room lighting, however, the picture width should ideally be less than 121 cm. The model was built by JAVES in 2008 and is no longer current.

 1 x 2,5" LCD TFT Panel
32x 4/3 Liquid Crystal Display

Display Type
