

JVC DLA-NZ500

JVC DLA-NZ500

The JVC DLA-NZ500 high-end home cinema laser DILA projector has 2000 ANSI lumens, a contrast ratio of 40,000:1 and a UHD (4K2K) 3840 x 2160 resolution. It is a laser projector with a 20,000-hour light lifespan, which would be 13.7 years with a daily viewing time of 4 hours. The built-in lens shift function gives you more freedom when adjusting the projection. The brightness of 2000 ANSI lumens makes it possible to achieve a screen width of 454 cm. In room light, the image should be a maximum of 303 cm wide. Playing 1080P and 4K is also no problem for the projector. At just 23 decibels, the model is already very quiet compared to others.
