JVC DLA RS4810

Brief Introduction Beta 2.5	A brief introduction to the JVC DLA RS4810. The high-end home cinema DILA projector has an HDTV 1920 x 1080 resolution and a contrast of 50000:1. Includes a lens shift function, which provides freedom during installation. 1300 Ansi lumens ensure that a picture width of 366 cm is also possible. However, if room light is available, the picture should be a maximum of 244 cm wide. Video signals 1080P and 3D are also no problem for the projector. At just 20 decibels, the device is one of the quieter projectors. It was launched on the market in 2012 and is no longer offered by the manufacturer JVC.
Display Type	3 x 0,7" DILA Chip HDTV 16/9 Direct-Drive Image Light Amplification (D-ILA)
Ansi-Lumen	Projector: 1300 / Screen: 578 Lux (bei 200 cm Screen)
