

JVC DLA V2500G

JVC DLA V2500G

The high-end home cinema JVC DLA V2500G 3D Laser DILA projector has 1200 Ansi lumens, a contrast of 30000:1 and an HDTV 1920 x 1080 resolution. The manufacturer specifies a laser service life of 30000 hours, which is over 20.5 years if enjoyed for four hours a day. The projector also offers a lens shift function that makes image adjustment child's play. An image width of up to 352 cm is possible. However, the image should be smaller in room light. We recommend max. 235 cm. The model is also compatible with Full HD 1080P and 4K (compressed) as well as 3D, meaning that all Blu-ray formats currently available can be recognized by the projector. The model was built by JVC in 2015 and is no longer current.

Brief Introduction
